

## HEALTHBOARD™

The Clarus Healthboard™ is an innovative new writing solution for the healthcare industry. Healthboard™ is made from safety writing glass and is ideal in patient rooms and other critical care areas where anti-microbial protection and non-staining writing are required.

Custom printed designs allow for vital information relative to patient care and treatment to be displayed in a visually pleasing manner. The Healthboard™ is commonly used in patient rooms, nursing stations and other critical care areas.
